DETAILED ACTION

Response to Arguments

Applicant's arguments filed 11/27/2006 have been fully considered and are persuasive.

Allowable Subject Matter

Claims 1, 3-11, 13-21, and 23-31 are allowed.

The following is an examiner's statement of reasons for allowance:

As for claims 1 and 11, the prior art fails to teach or disclose a lamp with a wall formed integrally therewith and an opening opposite the wall with a first tongue being a unitary piece extension thereof and extending from the wall at a fixed end to a free end thereof, the device having a suspension cable passable over the free end and extending transversely around the tongue of the wall to engage a support.

As for claim 20, the applicant's arguments are convincing.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
